1974-75 Edition

For our worlds the circle turns again.
Throughout the years the seasons change.

It has meant alot for us to start anew;
For the winter is cold and I have a friend in you.

Out there, there is not a sound to be heard;
And the season seem to sleep upon their words.

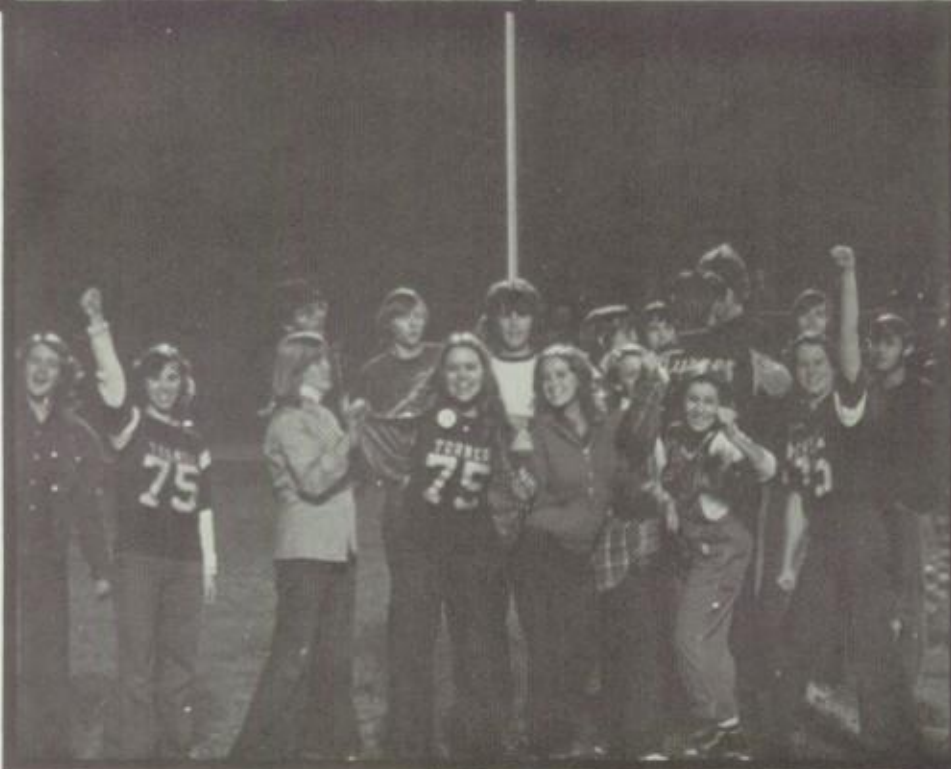

As the waters freeze up with the summers end;
It is time to bid farewell to all your friends.

English

Mr. Crowley

The English Department has two new additions this year, Sue Ann Howarth and David Dumke. Miss Howarth teaches Speech, Freshman English, Mass Media and is this years Trojan Advisor. Mr. Dumke can be found out in a Mobile Unit teaching Theatre Arts and Speech. In the last couple of years the English Department has taken on Theater I and II. The students appear to enjoy these two classes. They work on plays and skits, some of which are performed for the school body. The English Department, as a whole, still aims to help the student body. It does so through the many English courses it offers.

Arts

Mr. Skorpinski

The world of arts at Turner High School holds many events for the students, parents, and faculty. The choir and band bring cheer to all who listen to their music selections. The woods and metals class offer students a chance to use their hands in making tables, cabinets, and many other things. The drawing class produces much paper work for our future draftsman. Along with the use of students hands, they have a chance to use their imaginations while creating works of art in the many art classes. But the one class that makes cooking and sewing easy for boys is the Home Economics class, Bachelors Survival, which has been recently introduced in the last two years.

Mrs. Hamilton

Mr. Turner

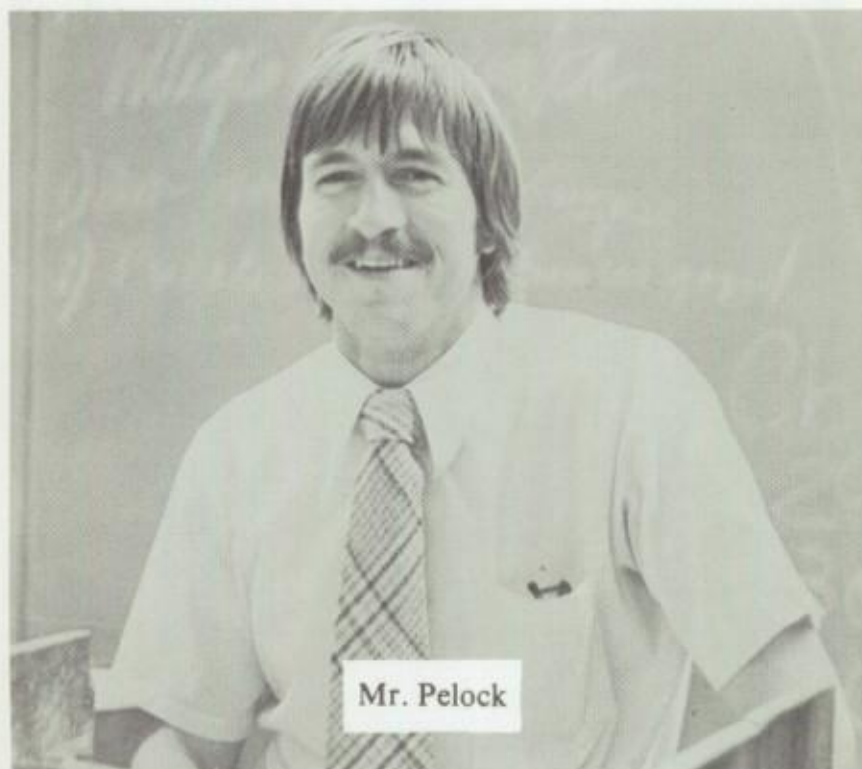

Mr. Sklavos

If you weren't one of the fortunate students to take Physics Class this year, you don't know what you missed. Besides missing out on Newton's Law, you missed out on a free lesson in music by our devoted and talented Mr. Sabaka. Of course a free Music lesson can't compare to all the elements it takes to make a charged Chemistry Class. But if you wanted a look at the world, Biology I or II would have been what you needed.

In addition to everything else we don't want to subtract mathematics from Turner. If you really wanted to turn Ahn Algebra II was for you. Our Mathematics department ranged from Intro Algebra I to Trigonometry, with Geometry as a proof of some of the stuff that makes a student. Many thanks to both our departments.

All New 30's Revue

Hello little chick-a-dee

Oh no, my suspender just snapped!

Smile

Gee!

The All New 1930's Revue was a great success and a first for Turner High.

35 students, sore muscles, sore feet, and 2 long months of practice under the direction of Mr. Dumke all combined for a great show.

A well-wisher from the class of "75" gave the cast a beautiful arrangement of carnations. The cast gave Mrs. Dumke a dozen red roses and Mr. Dumke received a sledgehammer and hatchet for the making of his cabin home.

I think I'll leave

Hi-ya cutie

Say Cheese!

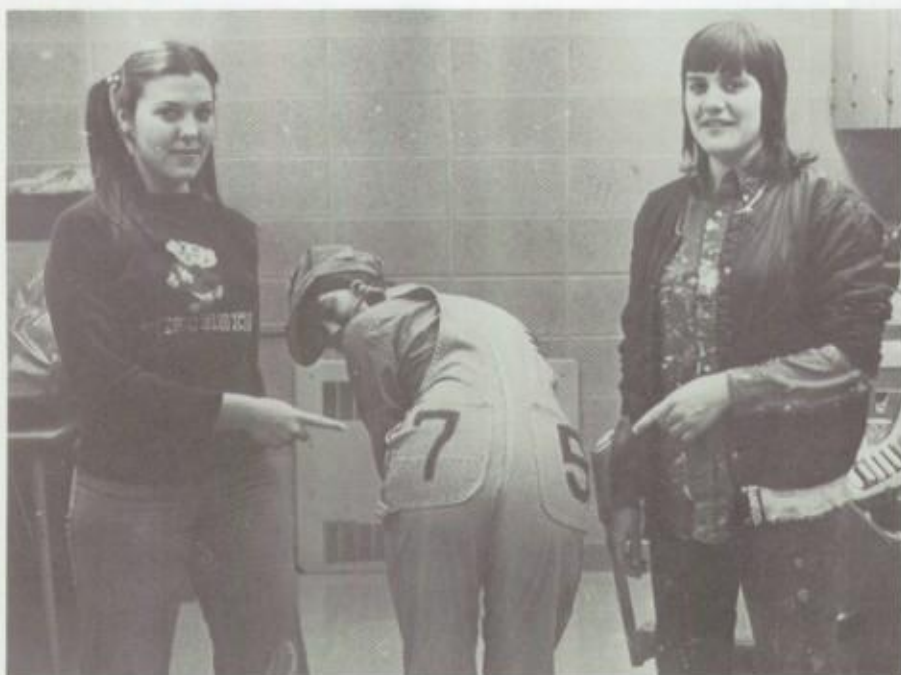

Hold that pose!

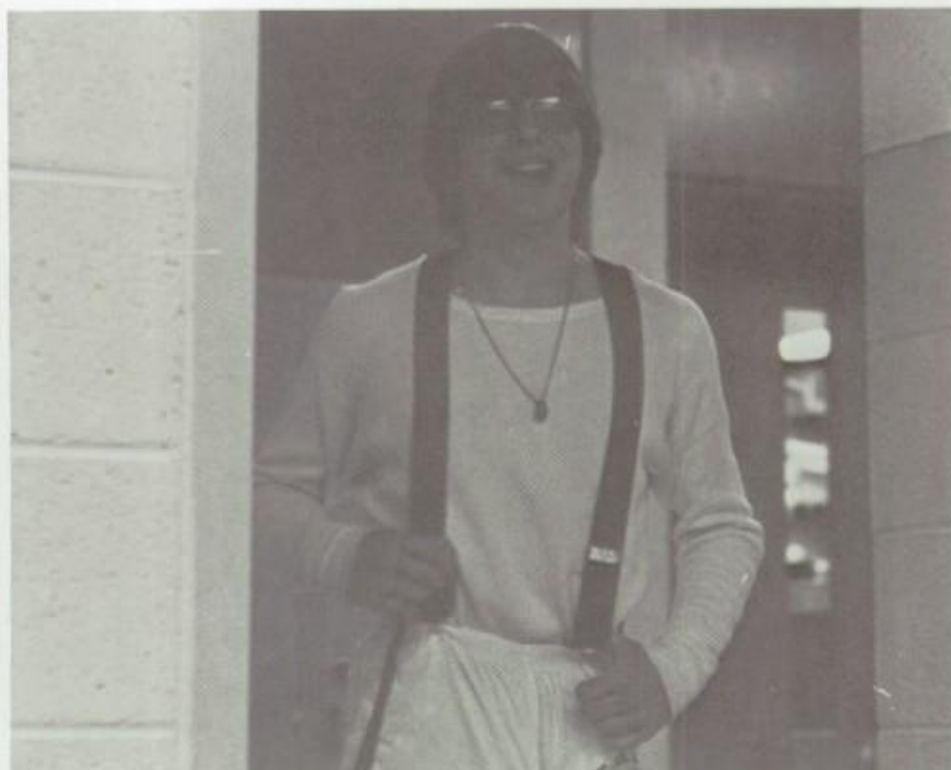

Come fly with us!

Senior Grub Day

The better half of "75"

Is this the Bachelor Survival class?

Fashion styles for "75"

Crusin' the halls of Turner.

February 11, 1975, was this year's Senior Grub Day. On this day there were only "75" more school days left until our Seniors graduate.

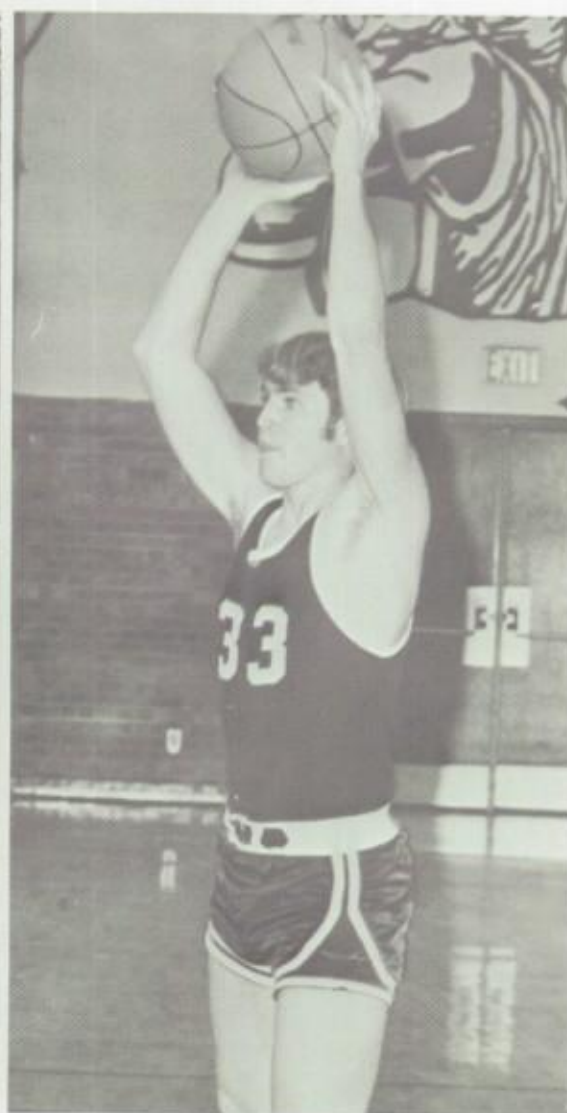

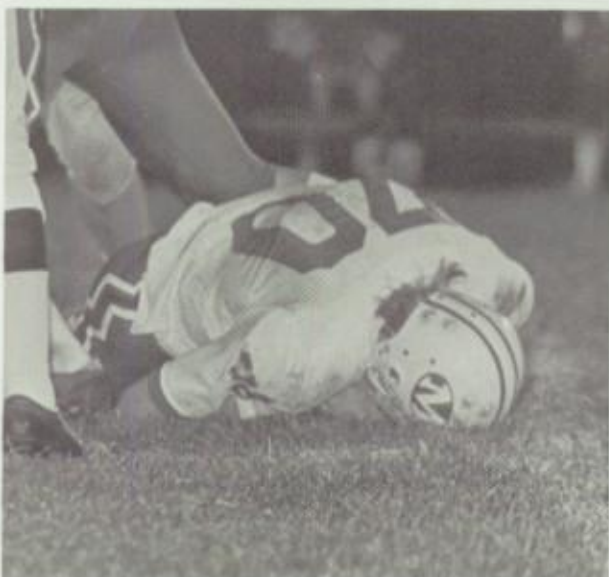

In tradition, the Seniors wore old clothes usually bibbed overalls, engineer hats, long johns with shorts, and any other wholly items.

The Seniors also had a rally in the hall, ending in a game of chicken. (Ended by Mr. Yde)

The class of "75" will graduate on June 5, 1975. They will all be missed. (Well some will) So to all the Seniors we bid farewell, and GOOD LUCK!

The Trojans had another trying season this year with a 0-8 conference record and a 1-8 overall record. "I think the big thing was the lack of Seniors and Senior leadership," commented Coach Yde. "Because of this we had to go to the underclassmen. The lack of weight and sophomore experience were other factors. But I feel we've got a lot of potential." Mike Kniffin was voted by the coaches the Outstanding Defensive player and Duane Floyd was voted by the team as the Most Valuable Player.

The Trojan Cross Country team finished third in the conference with a 5-1-1 record. They lost in sectionals by one point. Further commented Davies, "I think this is the best season we have ever had."

This year the wrestling team has been very successful. The team consists of 4 Seniors, 6 Juniors, 4 Sophomores, and 5 Freshman. In some of the matches our boys were matched with guys that were stronger than them, but in some cases they came out on top. Some members of the team this year went on to the district conference at Jefferson. Congratulations to a fine team.

For the Trojans the Basketball Season started out with much support from the spectators and a great round of team spirit. Their first game was a non-conference game in which the Trojans overturned Edgerton. In the second and third game the Trojan Machine made mincemeat of the Blue Devils and the L-Cats. These two were our first conference games. In our forth game, non-conference, the Trojans put the run to the Sadars only to lose. Good Luck.

Darn! I can't reach the ball.

The girls volleyball team finished this year with a 2 and 5 record. The team had a trying season, but after much practice and determination the girls made it a season Turner will long remember.

This is the second year the girls have participated in the Central Suburban Conference. It is hoped that more girls will come out for the team next year. There was a lot of team support and the effort by the student body was great. Good Luck to a fine team.

The Student Council this year was headed by Kris Van Kampen, the president. The council met several times this year during third and sixth hours, usually at these meetings things like student behavior and the restrooms were discussed. And as a result changes were made around the school. Some such changes were: Locks on the bathroom doors, new ceiling fixtures, new pencil sharpeners, and etc.

Thank you Student Council for making Turner a better school.

This year's Forensics team was one of Turner's smaller teams. It consisted of eleven members at various times. The team's first meet was on February 15th at Clinton. The team faired well at this meet and also came up with a few surprises.

Forensics is a club that very few students know about. In fact most people ask what it is. Forensics consists of many different categories of readings in which a student may read or recite from. Some such categories are prose, poetry, declamation, story telling, and etc. It is one of the ways Turner is helping to enhance its students.

This year, as last year, the French club sponsored a 50's dance which had an exceptionally good turn out. In late fall the French club went on a trip to Milwaukee to visit the Folk Fair. While they were there they had a chance to tour the exhibits that were displayed. The evening was highlighted by a program of dances and characteristics of their native country. The advisor of the French Club is Mrs. Nelson.

This year's Christmas Assembly was highlighted by the appearance of the Jazz Ensemble and their guest conductor "Funky" John Sabaka. The Ensemble also performed along with the Wind Ensemble at the Winter and Spring Concerts.

EGAP SROTIDE

It has been a tradition of the Torch to leave the last page of the book for the editor. I believe this has to be the hardest page in the book because it has to be laid out perfectly. (This is to make sure the editor knows how to lay out a page correctly.)

Some people may say that the editor has the easiest job of anyone on the staff, but let me tell you, that only holds true if you have an experienced staff. This year there were only three returning staff members and about twenty new staff members. All of us had our trials and errors, but with all of us working together, we managed to meet all our deadlines, so we could get this book to you on time. My thanks to my many editors and staff members that worked long hours after school and sometimes weekends to make this book what it is . . . GREAT!

A special thanks goes to Mr Sklavos for being so patient with us at deadline times; and for being to optimistic about the book arriving on time.

I want to thank my photographer, Steve, for all the lovely pictures this year, and for all the rolls of film I had to come after him for.

To Penny, Diana, Becky, Cheryl, Candy, Jeff, Lori M., Lori D., and Lori H., many thanks for heading up the various departments of the Torch.

And to Kris "Kringles" Van Kampen, my merchandiser, thank-you. Your ideas were greatly appreciated.

And now to a person whom I think deserves a round of applause — myself. THANK — YOU!

This years staff proved to be many things, but it never let me down at deadline time and it never threw in the towel when the going got rough. Once again to my staff — Thank — you — it has been great working with you.

Editor
Melody
